DETAILED ACTION

The following office action is in response to the amendment filed February 27, 2007. Claims 1-5, 11-21, 28, 48-53 are pending.

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 50 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.
3. Claim 50 recites the limitation "the at least one flex score" in last line of the claim. There is insufficient antecedent basis for this limitation in the claim.

Allowable Subject Matter

4. Claims 1-5, 11-21, 28, 48, 49 and 51-53 are allowed.
5. The following is an examiner's statement of reasons for allowance:

As to independent claim 16, the prior art of record fails to teach a microelectrical mechanical optical display comprising a microlens array and a microelectrical mechanical reflector array, wherein the microelectric mechanical reflector array includes a plurality of microelectrical mechanical actuators, wherein a microelectrical mechanical actuator is placed in an actuated state having an actuated position by an *actuation voltage* and held in a *storage state* to maintain the actuated position by a storage voltage, wherein the *storage voltage is less than the actuation voltage*.

Dependent claims 1-5, 11-15, 17-21, 28, 48, 49, 51-53 are allowed as they depend upon an allowed claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Response to Arguments

6. Applicant's arguments with respect to claim 50 have been considered but are moot in view of the new ground(s) of rejection.

Dependent claim 50 would be allowable if it is written to overcome the 35 USC 112, 2nd rejection above.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 2629

however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
